

2013 Café Participants

Jan. 9, 2013

Olga Dudko, Associate Professor of Physics, Center for Theoretical Biological Physics, University of California, San Diego
Jeff Gelles, Tauber, Professor of Biochemistry and Molecular Pharmacology, Brandeis University
David Rueda, Professor and Chair of Molecular and Cellular Medicine, Imperial College, London

Jan. 16, 2013

Nadya Mason, Associate Professor of Physics, University of Illinois
Andrew Rappe, Professor of Chemistry, University of Pennsylvania

Jan. 22, 2013

Aaron Berndsen, Postdoctoral Fellow in Physics, University of British Columbia
Maura McLaughlin, Associate Professor of Physics, University of West Virginia

Jan. 30, 2013

Kimberly Palladino, Postdoctoral Fellow in Physics, Massachusetts Institute of Technology
Risa Wechsler, Assistant Professor of Physics, Stanford University

Feb. 6, 2013

John Cherry, Postdoctoral Fellow in Physics, Los Alamos National Laboratory and University of New Mexico
Lindley Winslow, Assistant Professor of Physics, University of California, Los Angeles

Feb. 13, 2013

Geoffrey Marcy, Professor of Astronomy, University of California, Berkeley
Ruth Murray-Clay, Astrophysicist, Smithsonian Astrophysical Observatory

Mar. 13, 2013

Aaron Armbruster, Ph. D. Candidate, University of Michigan and CERN Atlas Collaboration
Philip Harris, Physicist, CERN CMS Collaboration
